## Mr. Sofalumpkins...?

On September 28, 2010, in downloads, music news, by D-Monic

**MR. SOFALUMPKINS** on **GENIUSKILLS** marks the rebirth of an artist and the birth of a brand new label. Founded by **Mr. Sofalumpkins** (aka **T.POWER**) and label partner **DR. FUNKINCHUNKIN** (aka **DJ CHAMBERLAIN**), Geniuskills promises to be a step forward in all directions.

**"THE MASQUERADE"** is a distinct departure from **Mr. Sofalumpkins'** D n'B roots. Music production has taken on a markedly slower tempo, stretching the envelope for time and space to allow for a funkier, bass-heavy sound. This new sound has been well-received, quickly finding its way into the sets of a growing number of DJs across the globe including that of **MAT THE ALIEN**, **DJ CRAZE** and **SHY FX**, with whom T.Power had achieved massive chart success with **"SHAKE UR BODY"** and other other critically acclaimed D n' B anthems including **"FEELINGS"** and was part on the nu breed of breakbeat producers on **BOTCHIT & SCARPER** in the late 90's.

**"DEFENDER VIP"** is a futuristic blend of electronic genres into one giant sound. Injecting DnB's colossal bass components into a filthy core of breaks and electro, the term **"Epic"** would best describe this track.

**"HUSTLERS CONVENTION"** is a straight up, funky breaks banger that has been blessed with the lyrical genius of **THINK TANK**, who stylistically pays homage to the slick sounds of the Sugar Hill Gang and fresh Kangol Wool Grouser hats!

**"DAY THE FUNK DIED"** is a wonked-out bass monster with a small dash of funk for those lamenting the death of the late and great funk era. It's not dead – it's been fermenting in a box and has started to smell a little odd, but in a really good way.

**"12TH NIGHT"** feeds on an organic timing of triplets from which sprouts a hybrid of Dirty-

Bass crossed with Dubstep. If you've ever looked for that perfect transition from Electro to Dubstep, this is the track for you.

And we had to include **Mr. Sofalumpkins - MIA-"SUNFLOWERS" [bootleg remix]** a **FREE DOWNLOAD!**

## Rennie Pilgrem – Street Legal 2

On September 26, 2010, in downloads, music news, video, by D-Monic

'It ain't where you're at, it's where you're from'. **Rennie Pilgrem** goes further back to his roots than ever and then brings his influences into 2010. **Street Legal 2** (*another double EP*) rolls with dub, blues, and even Jazz influences underpinned by Rennie's love of tough beats. Plenty of dancefloor but some tracks are more for your ears than your feet. After the success of '**Street Legal 1**' which won fans from pirate stations as well as Radio 1 and Kiss et al.

The funk is currently keeping Rennie pretty busy. He's just finishing scoring his first film which includes plenty of 70's influences plus he's remixed **Caper's** forthcoming single '*Something Else*' for Distinctive. Also as one half of the **Bush Doctors** (with **Jem Stone**) he's remixed the CB's next single '*The Finding*'. Incidentally, look out for the Bush Doctor's second release '*Night Train*' which is available now.

Rennie is currently at work creating a '**Nu Funk**' Sample collection for the **Loopmasters** Producer series.

**Street Legal 2 is out on TCR.**
